REASONS FOR ALLOWANCE

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on June 03, 2004 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a video display apparatus. The independent claim 8 identifies the distinct features: "a first correction signal generator providing a first correction signal to said vertical deflection signal; a second correction signal generator providing a second correction signal to said convergence coils; wherein said first correction signal provides correction for selected columns of said cross hatch grid; and wherein said second correction signal provides correction for at least one column of said cross hatch grid other than said selected columns". The IDS filed on June 03, 2004, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
